Day 3 – Islands of Adventure

Bring your sun block and sense of adventure today because you're going to one of the most exciting places in Orlando: Universal's Islands of Adventure. Split into five distinct "islands" each with its own theme, this unique park has something for the timid and thrill seekers alike. If coasters are your thing The Hulk and Dueling Dragons will not disappoint while there are plenty of live-action and special effects shows to entertain the less adventurous. Afterwards, students will have the opportunity to spend some free time at Downtown Disney for some shopping and entertainment.

Day 4 – Wet n' Wild

Today is the last day of your class trip in Orlando so you might as well go out with a bang; or maybe a splash! Today you will spend some time at Wet 'n Wild Orlando. Voted America's number one water park, Wet 'n Wild offers over 30 amazing acres of slides, flumes, and pools. Whether you come for the sun, the surf, or the fun this water wonderland will have something for each and every student... just be sure to bring extra towels!

Sadly, your trip has to end sometime so after your fun at Wet 'n Wild, your tour director will take you back to the airport for travel home.

FUN FACTS

- The new Simpsons Ride at Universal Studios, which opened in Spring 2008 was voted “Best New Theme Park Attraction for 2008” by Theme Park Insider.com. In July of 2008, the ride became the fastest in Universal Orlando history to hit 1 million riders!
- Scheduled to open at Universal Studios in Spring 2009 the Hollywood Rip, Ride, Rockit roller coaster will be an all new experience that will actually be filmed, allowing guests to obtain a digital copy of their ride, complete with their chosen soundtrack, to add to their web pages or video-sharing sites, such as YouTube!
- The Incredible Hulk Coaster at Islands of Adventure is unique because it features a launch lift hill as opposed to conventional chain lifts. This means the train accelerates to 40 mph (18 m/s) in a approximately two seconds before speeding through several inversions. When the Incredible Hulk opened, it featured the world's tallest cobra roll.

Dueling Dragons at Islands of Adventure is the only dueling inverted roller coaster in the world. The ride is themed to two dragons, one side being Fire and the other Ice which share adjacent lift hills, but then traverse two completely unique courses. At three points during the ride the Dueling Dragons coasters come within just 18 inches of each other!

- While at Universal Studios Florida, be sure to check out the Revenge of the Mummy ride. This indoor steel roller coaster propels you along the track at 45 mph for one breathtaking ride. The attraction was reputed to cost \$45,000,000 to build!
